

# Hollywynd Residential Care Home

A Home From Home in the Heart of Worthing

Warm, family-owned living for older people – where  
comfort, companionship and everyday life come first.

**“A very welcoming and cosy environment. Good food, nice ambiance. Staff are very caring and attentive. I visited my wife daily over 5 months and given the pressures the staff were up against, it was impressive how they dealt with it all.”**

A HOME WHERE LIFE CONTINUES

# Welcome to Hollywynd

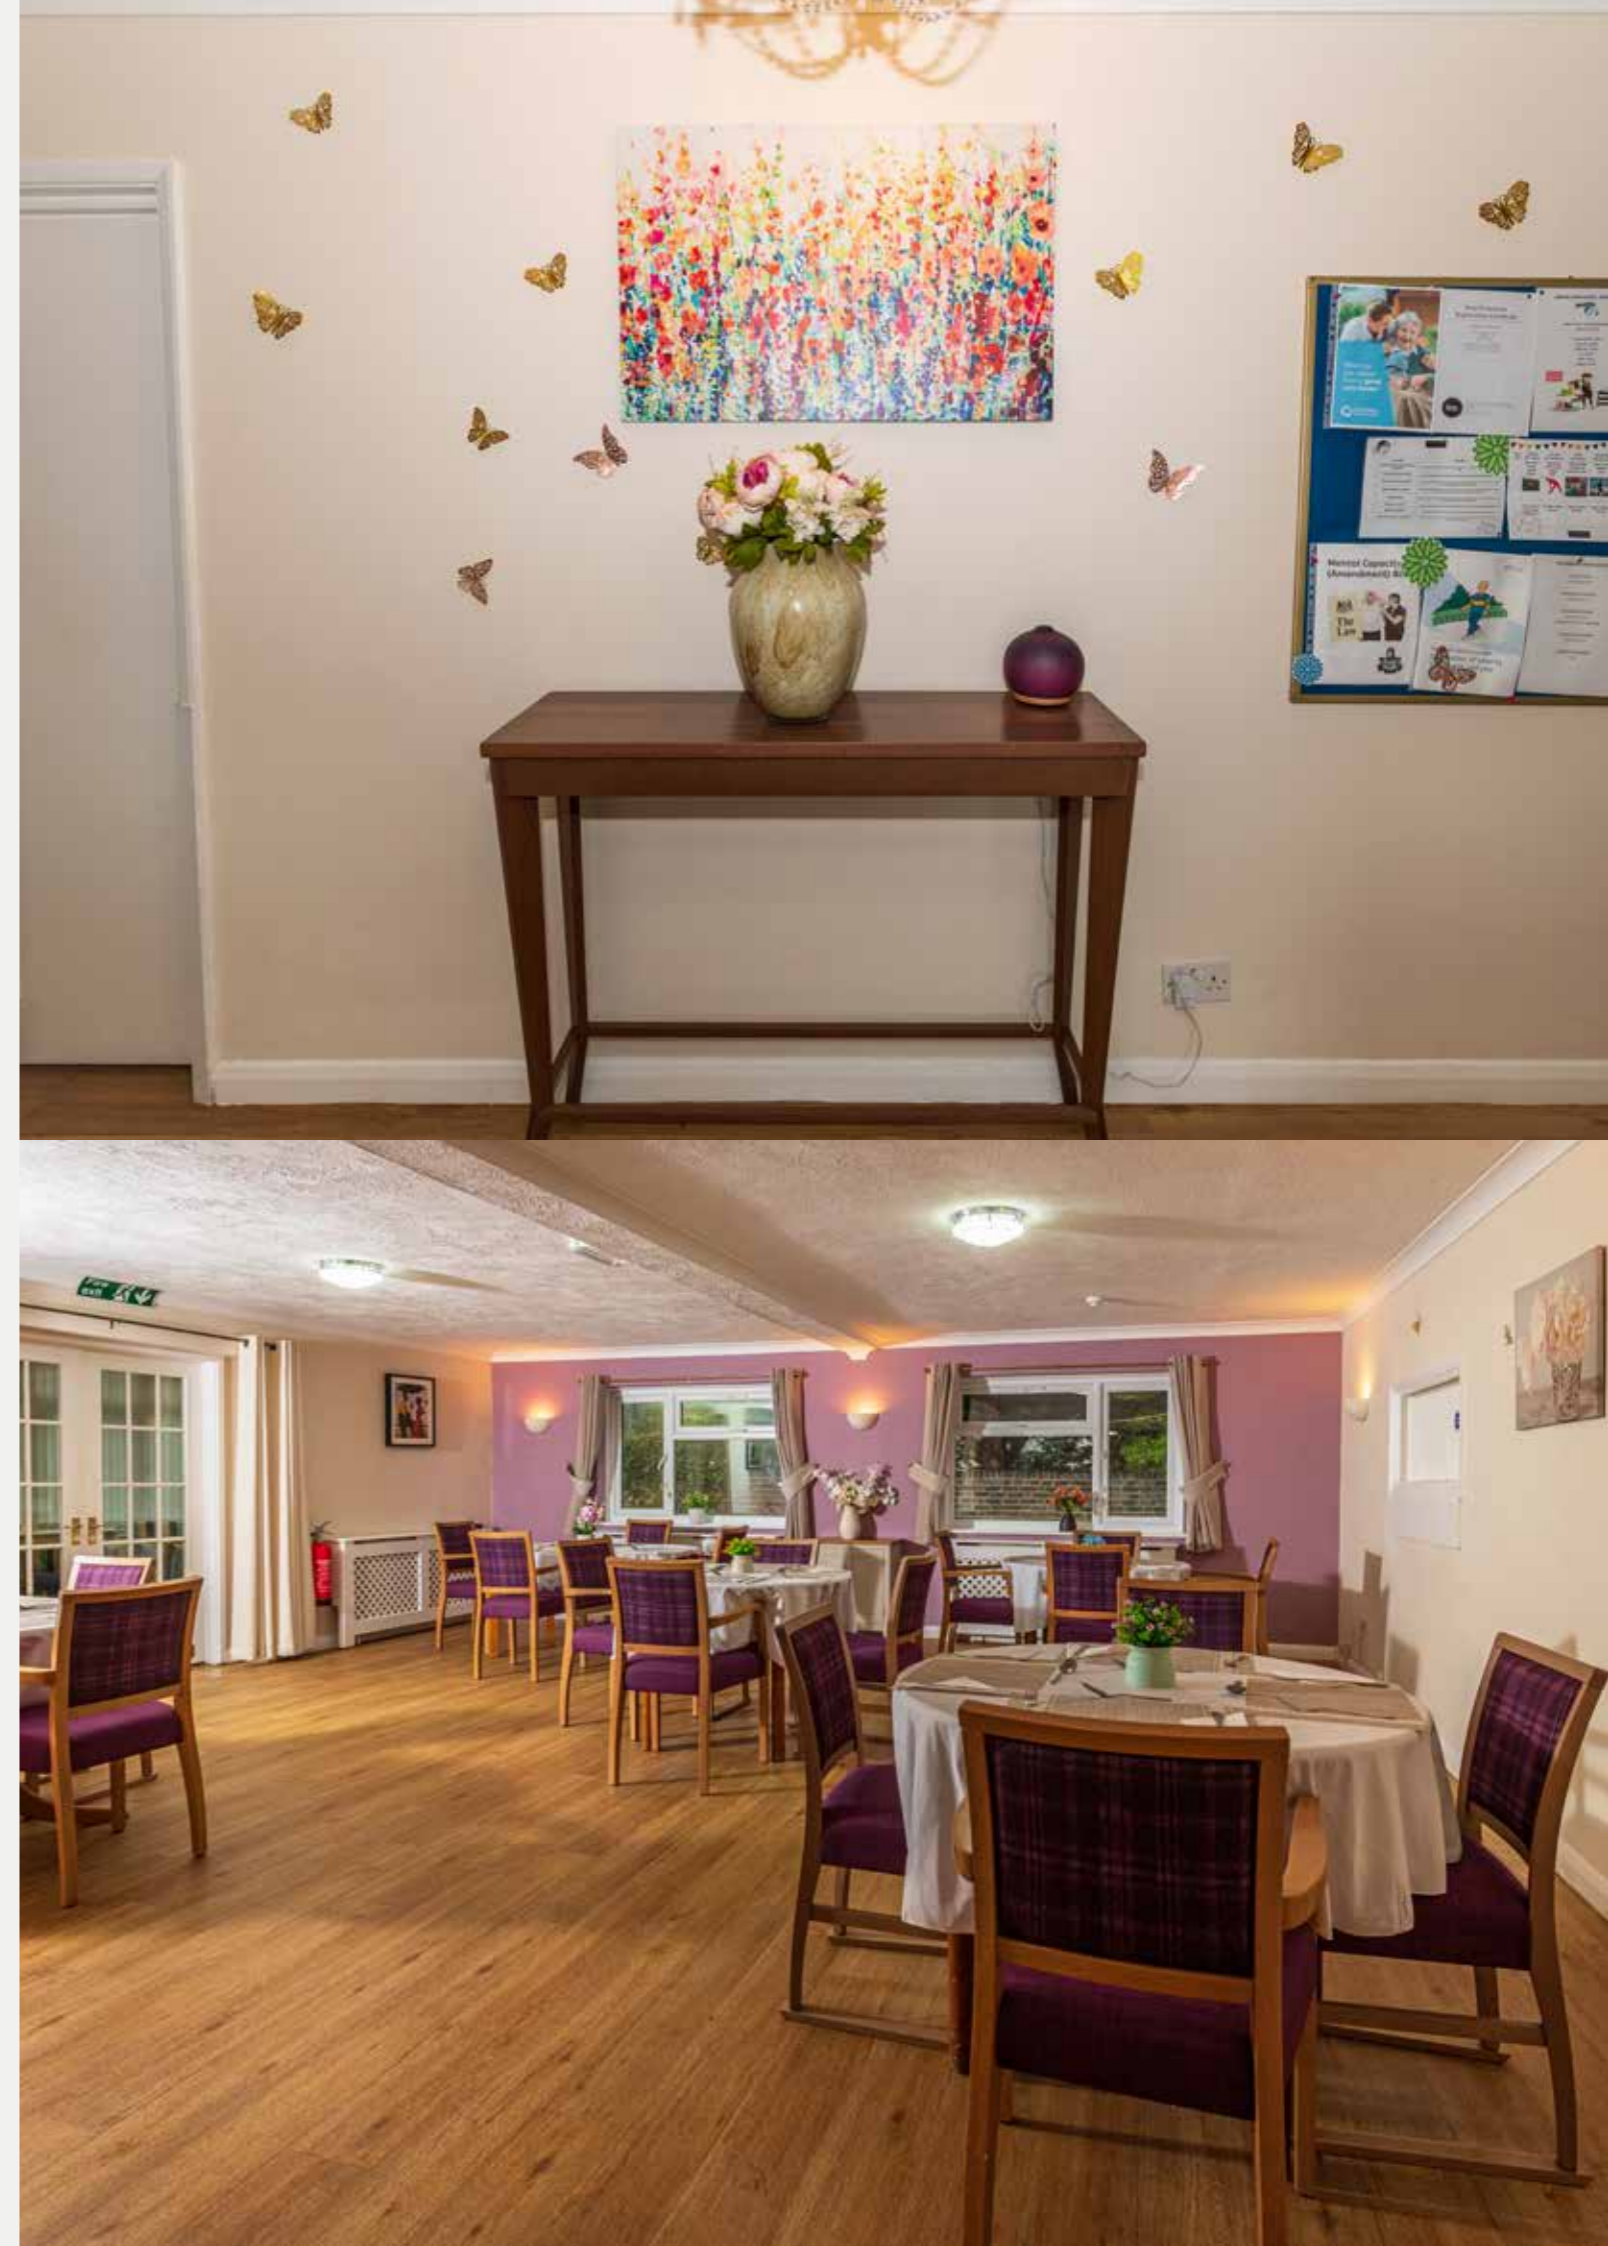

Hollywynd is a welcoming, family-owned home for older people who are ready for the next natural chapter of living. It's a place where life continues comfortably, friendly faces, and gentle support always close by.

We believe true luxury is not about formality or trends, but about feeling settled and at ease. About knowing your surroundings, being known as a person, and feeling free to live each day in your own way

With accommodation for up to 40 residents, Hollywynd offers the warmth of a close-knit home alongside the reassurance of thoughtful support. From our light-filled conservatory and peaceful gardens to our comfortable lounges and much-loved kitchen, everything here is designed to feel lived-in, relaxed, and welcoming.

Located close to Worthing town centre, with the sea nearby and countryside just beyond, Hollywynd offers the best of all worlds — connection, calm, and continuity.

A place you come to live — comfortably, confidently, and at your own pace.

## OUR PHILOSOPHY OF CARE

At Hollywynd, home means more than a building — it's a feeling. A sense of comfort, familiarity, and belonging that grows with time.

Our approach is simple: life should feel natural. Residents are supported in ways that respect their independence while offering reassurance whenever it's needed. There are no rigid routines — just gentle rhythms shaped around the people who live here.

Families often tell us that Hollywynd feels immediately different. There is warmth in the atmosphere, ease in daily life, and a sense that people genuinely care — not because it's a role, but because it's who we are.

**“...All the staff are amazing, friendly and caring towards visitors and residents. I feel this environment is very stimulating and has improved my nan's health compared to how it was before she arrived....”**

– C A  
(Granddaughter of Resident)

Our experienced team is always nearby, yet never intrusive. Whether it's a helping hand, a quiet conversation, or simply companionship, care is offered with warmth and understanding.

Here, care fits around life — not the other way around.
